Sir,

DRAINAGE SCHEME OF GUNDLUPET TOWN

In forwarding herewith an estimate for Rs 17,775/- towards the First Stage of the above work received from the Director of Public Health in Mysore, Bangalore, I have the honour to state that the sanitation of the town is not good and that it is very necessary to take up the drainage scheme immediately Almost every year there will be out-braak of Plague The Municipal Council are very anxious to see that the drainage scheme is taken up as early as possible so that the health of the town may soon improve

The Municipal Council at their meeting held on 28th April 1942, have resolved that they are prepared to pay a moiety of the estimated cost Viz: Rs 9,000/- of which Rs 3,000/- is to be met out of the Closing Balance of the current year's Budget and Rs 6,000/- out of the Savings Bank Deposits

In the circumstances, I recommend that sanction may kindly be accorded to the estimate, Government and the Municipality meeting the cost in equal proportion

In this connection it may be stated that the members of the Municipal Council made representations to the Minister for Local Self-Government and Public Health during his visit to the town on 27th February 1942 The Minister inspected the town and promised sympathetic consideration of the request for a Government grant equal to the Municipal Contribution As the Municipal Council are ready to pay their quota Government may be pleased to sanction half the cost out of the Town Improvement Grants for the current year

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Mysore District.
